Subject: Israel Bond Spreads

Hi Liz, I had to reach out to you today because we are seeing historically very strong spreads vs the UST benchmarks we price off of this week.

The Israel Bond spread vs the UST benchmarks:

2-year Israel Bond 4.76% vs 4.12% = **+64bps**.

3-year Israel Bond 5.14% vs 4.10%=+**104bps**
5-year Israel Bond 5.72% vs 4.13%=+**159bps**
10-year Israel Bond 6.02% vs 4.30%=+**172bps**.

The five year in particular is much larger than normal, but all are showing much greater than usual spreads. You still have time to order this period if we you reach out today or tomorrow.

Please consider these rates and I hope you understand I'm simply looking out for our loyal institutional customers and letting them know when I think there are attractive opportunities.

Thanks for the review, Liz, and hope to hear from you .

With Best Regards,

Larry
